

# Delighted and Inspired

Set on 10 acres of bushland in Croydon North, Village School takes a slightly different view of the world. We have created an inspirational environment that captures children's imagination and provides them with the confidence to explore and experiment with learning.

Non-denominational and non-sectarian, Village School is an independent school with an animal farm and a wetlands environment that broadens children's minds. Our curriculum teaches them to be resourceful and independent and gives them a sense of how they fit into the world around them.
