

1. Policy Statement

Village School is committed to the safety and well being of all children and young people accessing the School services. The school supports the rights of the child and young person and will act without hesitation to ensure a child safe environment is maintained at all times. It also supports the rights and well being of all staff and volunteers and encourages their active participation in building and maintaining a secure environment for all students.

Children and young people have the right to be physically and emotionally safe at all times. They are the most vulnerable members of our community and they do not have the power to stop abuse – they rely on others to help them. Therefore, at Village School it is the responsibility of all staff to ensure that the students are safe and their needs are met. This responsibility should be shared between the school staff and the school community.

Child abuse damages children physically and emotionally. The initial effects and the long term consequences of child abuse impact on the individual, their family and the community at large.

Early identification and effective intervention can lessen the initial and long-term effects of child abuse and promote recovery of the children and families concerned.

In 1993, the Victorian Government introduced mandatory reporting of child sexual and physical abuse. The introduction of mandatory reporting has been successful in uncovering serious and hidden abuse and making a strong statement about the criminal nature of child physical and sexual abuse.

In 2014, The Crimes Amendment (Protection of Children) Act 2014 (Vic) was introduced to play an important role in redefining the legal framework for responding to risks of child sexual abuse. The new reporting obligations ensure all members of the School community aged 18 and over (who may not be Mandatory Reporters) who form a reasonable belief, that a sexual offence has been committed by an adult against a child under 16, report that information to Police.

2.0 Purpose

The purpose of this policy is to define the roles and responsibilities of the school staff in protecting the safety and well being of all children and young people and to enable staff to:

- ✓ comply with reporting obligations under law
- ✓ Identify the indicators of a child or young person who may be in need of protection

Policy 12.4	Version	Date Approved	Review Date	Page Number
Child Protection – Mandatory Reporting	1.0	27 June 2017	February 2017	1 of 12

- ✓ Follow Village school protocol to make a report of a child or young person who is in need of protection

3.0 Legislative Requirements

The moral imperative to act to protect the child is backed up by the law.

3.1 The Victorian Children, Youth and Families Act 2005 (as amended in 2015) requires members of professional groups “Mandated Reporters” to report cases where they believe, based on reasonable grounds, that a child is in need of protection.

3.2 The Crimes Amendment (Protection of Children) Act 2014 requires all adults in Victoria, not just the mandated professionals, to report cases to Police where they believe, based on reasonable grounds, that a sexual offence has been committed in Victoria by an adult against a child under 16 years of age.

3.3 Failure to disclose the information to Police is a criminal offence, except in limited circumstances such as where the information has already been reported to DHS Child Protection

4.0 Application

This Policy applies to all staff at Village School and Adults aged over 18 years of age.

5.0 Definition of Terms

5.1 Mandated Reporters

5.1.1 Mandated Reporters

Section 182 (1) of the Children, Youth and Families Act 2005 (as amended in 2015) lists a broad range of professional groups and community members that are identified “Mandatory Reporters”. The following people are prescribed as mandatory reporters under section 182 of the Act:

- A registered medical practitioner
- A Nurse
- A Midwife
- A person who is registered as a teacher under the education and Training Reform Act 2006 or has been granted permission to teach under the Act.
- the Principal of a Government school or non government school within the meaning of the Education and Training Reform Act 2005
- a member of the Police Force

Policy 12.4	Version	Date Approved	Review Date	Page Number
Child Protection – Mandatory Reporting	1.0	27 June 2017	February 2017	2 of 12

- the proprietor of, or a person with a post secondary qualification in the care, education or minding of children who is employed by, a children’s services to which the Children Services Act 1996 applies or a person who is a nominee within the meaning of the Act for the Children’s services
- the approved provider or nominated supervisor of, or a person with a post-secondary qualification in the care, education or minding of children who is employed or engaged by an education and care service within the meaning of the Education and Care Service National Law (Victoria)
- a person with a post secondary qualification in youth, social or welfare work who works in the health, education or community or welfare services field and who is not referred to in paragraph (h)
- (h) a person employed under Part 3 of the Public Administration Act 2004 to perform the duties of a youth and child welfare worker
- a registered psychologist
- a youth justice officer
- a youth parole officer
- a member of a prescribed class of person

Note: Any person may make a report if they form a reasonable belief that a child has been abused or is in need of protection. If the belief is that a sexual offence has been committed all adults (any person aged 18 or over) have a responsibility to make a report.

5.1.2 Types of Child Abuse and Indicators of Harm

Child abuse can have a significant effect on a child’s physical and emotional health, development and wellbeing.

Types of child abuse include:

- Physical abuse
- Sexual abuse
- Emotional abuse
- Neglect
- Medical neglect
- Family Violence
- Human trafficking (including forced marriage)
- Sexual exploitation (including pornography and prostitution)

A report should be made to DHS Child Protection in circumstances where, for example:

- The child is engaging in risk-taking behaviour
- Female genital mutilation has occurred, or there is a risk of it occurring
- There is a risk to an unborn child
- A child or young person is exhibiting sexually-abusive behaviours

Policy 12.4	Version	Date Approved	Review Date	Page Number
Child Protection – Mandatory Reporting	1.0	27 June 2017	February 2017	3 of 12

- There are indications that a child is being groomed

There are many indicators of child abuse and neglect. The presence of a single indicator, or even several indicators, does not prove that abuse or neglect has occurred. However, the repeated occurrence of an indicator or the occurrence of several indicators together, should alert staff to the possibility of child abuse and neglect.

5.1.3 Forming a “reasonable belief”

A ‘reasonable belief’ or a ‘belief on reasonable grounds’ is not the same as having proof but is more than mere rumour or speculation.

A ‘reasonable belief’ is formed if a reasonable person in the same position would have formed the belief on the same grounds.

For example, a ‘reasonable belief’ might be formed if:

- a child or young person states that they have been physically or sexually abused
- a child or young person states that they know someone who has been physically or sexually abused (sometimes the child may be talking about themselves)
- someone who knows a child or young person states that the child or young person has been physically or sexually abused
- the staff member is aware of persistent family violence or parental substance misuse, psychiatric illness or intellectual disability that is impacting on the child or young person’s safety, stability or development
- signs of abuse, including non-accidental or unexplained injury, persistent neglect, poor care or lack of appropriate supervision, lead to a belief that the child or young person has been physically or sexually abused
- a child’s actions or behaviour may place them at risk of significant harm and the child’s parents are unwilling or unable to protect the child

6.0 Responsibility**6.1 Responsibilities of a Mandated Reporter**

- ✓ Must report to Child Protection a belief, based on reasonable grounds that a child or young person is in need of protection from child abuse as soon as practicable
- ✓ Refer to the Department of Education & Early Childhood Development Step by Step guide that follows for further assistance.

Must make a report without delay to a School Child Safety Officer. The Mandated Reporter and CSO can consult with the Department of Human Services for advice before deciding on a formal report. (See School Protocols which follow)

The mandated reporter has a personal responsibility to report his/her belief –it is not the responsibility of other members of staff. This responsibility cannot be discharged by the mandated reporter. The CSO are support mechanisms for the mandated reporter as part of the School's protocols. If the CSO does not wish to make a report, this does not discharge the staff member's obligation to do so if they have formed a reasonable belief that abuse may have occurred. If the staff members concerns continue, even after consultation with the CSO, that staff member is still legally obligated to make a mandatory report of their concerns.

- ✓ Must report each time he/she becomes aware of any further reasonable grounds for his/her belief
- ✓ The mandated reporter does not have to be able to prove the abuse has occurred
- ✓ If a group of mandated notifiers have formed a belief about the same child or young person on the same occasion. It is sufficient for only one mandated staff member to make the report. The other staff member is obliged to ensure the report has been made and that the grounds for their own belief were included in the report made by the other staff member. (See School Protocols which follow).

7.0 When to Report

The following table from the Department of Education and Training sets out when to report a concern that a child or a young person has been abused, or is in need of protection.

8.0 Procedure

8.1 Reporting Procedures - Protocols

Step 1

In case of emergency or if a child is in immediate danger contact (000) or the local police station.

Otherwise, make observations and keep dated notes of the concerns that exist that have led to the belief that a report may be necessary. Include the following:

- A description of the concerns (e.g. physical injuries, student behaviour)
- The source of those concerns (e.g. observation, report from the child or other person)
- The actions taken as a result of the concerns (e.g. consultation with Child Safety Officer, report to DHS Child Protection)

Step 2

Discuss concerns with a Child Safety Officer.

The CSO will manage the reports in a caring confidential manner and give support to the reporting teacher/s.

Step 3

Gather the relevant information necessary to make the Incident Report Form –Child Abuse

This should include the following information:

- Full name, date of birth and address of the child or young person
- The details of the concerns and the reasons for those concerns
- The individual staff member's involvement with the child and young person

Policy 12.4	Version	Date Approved	Review Date	Page Number
Child Protection – Mandatory Reporting	1.0	27 June 2017	February 2017	8 of 12

- Details of any other agencies who may be involved with the child or young person

Step 4

After these internal discussions, the CSO can seek advice from the relevant child protection agency to determine if a report is justified. They will then nominate a person to report to the relevant child protection agency. This process will be well documented in school records to protect the individual teachers not making the report.

If the CSO does not wish to make a report, this does not discharge the staff member’s obligation to do so if they have formed a reasonable belief that abuse may have occurred. If the staff members concerns continue, even after consultation with the CSO, that staff member is still legally obligated to make a mandatory report of their concerns.

Step 5

Make a report to the relevant agency as soon as practicable.

- To report concerns that are life threatening phone 000 or the Croydon Police Station on (03) 9724 0100.
 - The nearest Victoria Police Sexual Offences and Child Abuse Investigation Team can be contacted on (03) 9881 7939.
- To report concerns about the immediate safety of a child within their family unit to DHS Child Protection, call the Child Protection Crisis Line on 13 12 78 (24 hrs 7 days, toll free)
- To report concerns that are not the above call DHS Child Protection on 1300 655 795 or Child FIRST on.1300 367 441

Refer to the Department of Education & Early Childhood Development Step - by -Step guide that follows for further assistance.

Step 6

Make a written record of the report which includes the following information:

- The date and time of the report and a summary of what was reported
- The name and position of the person who made the report and the person who received the report.

Step 7

It should then be decided who else, if anyone, should be informed. The need for confidentiality should be remembered at all times in the interests of the child and family. Only where the welfare of the child will be affected should the matter be discussed with anyone else.

Step 8

If, following a report, a family approaches the School, it is recommended that any interview be conducted with a minimum of two school staff members present (e.g. the Principal and one other, not necessarily including the

Policy 12.4	Version	Date Approved	Review Date	Page Number
Child Protection – Mandatory Reporting	1.0	27 June 2017	February 2017	9 of 12

reporting staff member/s). The focus of such a meeting should be the welfare of the child, not on justifying the actions of the staff involved.

Step 9

Support for the reporting staff and the student that is the cause for concern, and anyone else affected, should be arranged. The School should be aware that a wide range of people may be affected. Support should continue to be provided if necessary, as the role of the staff member with the student and Child Protection Services maybe ongoing.

Confidentiality

Confidentiality is crucial to a fair and effective reporting procedure. It is unacceptable, and potentially defamatory, for concerns of child abuse (and abusers) to be spread throughout the School, rather than being directed through a formal complaints procedure (as set out in the School Protocols). All participants must understand the importance of following the set reporting guidelines when concerns arise.

Confidentiality protects the child, the reporter, the respondent, and the School, and ensures a fair and proper process.
