

THE GREAT AUSSIE SCHOOLS' FOREST

A FUNDRAISER
FOR OUR FUTURE

We're growing our very own forest to help stop the decline in Australia's threatened wildlife & raising funds for our school.

"My future is in your hands - Please fund a tree for our school"

Fund it, Name it
Map it, Share it

HOW TO FUND A TREE IN YOUR SCHOOL'S FOREST

1. Click here www.woodiwild.org/village_school and follow the prompts to add a tree.
2. Fund a tree for only \$10 or trees in blocks of \$10 units (\$20, \$50, \$100, \$200) and give it a name !!
3. Once it is planted, your tree is shown on our school's map, allowing your family to find your tree's location and watch the school's forest grow on the WOODiWiLD website.
4. Our school will receive \$2.00 from every tree funded.
5. Share your tree/s on social media and invite other family members or friends to help grow our forest, raising valuable funds for our school and creating important habitat for our threatened plants and animals.
6. Your child will also be learning about the plants and animals which will find a home in the forest that you have helped to create.
